## DEGGINGER

The Degginger is a hub for the creative industry, culture, and lovers of coffee and bars. Spanning some 2690 sq ft, the ground floor of an old patrician house in the heart of Regensburg's Old Town boasts a number of options for cultural and creative event formats. The events room, with stage and integrated dining facility, and the workshop room can be used for presentations, symposia, trade fairs, and networking functions, while the pop-up room provides space for multi-week shop, exhibition and studio concepts.
